

virq_inject

```
graph LR; A[virq_inject] --> B[slotvirq_getslot]
```

A diagram showing a call from the function `virq_inject` to the function `slotvirq_getslot`. The `virq_inject` box is shaded gray, and the `slotvirq_getslot` box is white. A blue arrow points from the right side of the `virq_inject` box to the left side of the `slotvirq_getslot` box.
