

include/vgic.h

```
graph TD; A[include/vgic.h] --> B[hvmm_types.h]; A --> C[arch_types.h]; B --> C;
```

The diagram illustrates the header file dependencies for include/vgic.h. It is represented as a directed graph with three nodes: include/vgic.h at the top, hvmm_types.h in the middle, and arch_types.h at the bottom. include/vgic.h has two outgoing arrows: one straight arrow pointing to hvmm_types.h and one curved arrow pointing to arch_types.h. hvmm_types.h has one outgoing arrow pointing to arch_types.h.

hvmm_types.h
